ABOUT THE INSTITUTION:

Kings College of Engineering (KCE) is an institution which was formed with the single aim of providing quality education to the poor and under-privileged students of this region. KCE has been started during 2001 and run by Raj Educational Trust (RET), KCE is approved by All India Council of Technical Education (AICTE), New Delhi and is affiliated to Anna University, Chennai. KCE has acquired ISO certification by TUV, Rheinland, Germany and Accredited by NAAC. Five U.G. (B.E.,) and four P.G. (M.E.,) programmes are being offered.

KCE has been recognized as a Research Center by the Anna University, Chennai, for Mechanical Engineering EEE and ECE Departments.

The institution provides all basic and advanced amenities to the students and the faculty members as well. Utmost importance is given for quality education through modern teaching methodologies. Most modern and sophisticated laboratories, well qualified and experienced faculty members are the assets of the institution.

OUR DEPARTMENT:

The department of **Mechanical Engineering** was started in the year 2006, offering both UG and PG programmes. The Department offers 4 years B.E. Degree Programme in 'Mechanical Engineering' and 2 years M.E. Degree Programme in 'Thermal Engineering'. The mission of the department is "Providing Integrated Technical Expertise to the Learners and Nurturing their Strength of Characteristics Significant through value Based Education and Research" The department of Mechanical Engineering shares the mission and vision of the institution in imparting quality education to the students. We have a team of highly experienced and dedicated faculty and established laboratories to impart quality education to the students. The department has been recognized as a research center by the Anna University, Chennai to carry out Full time/Part Time research leading to Ph.D. Degree in Mechanical Engineering.

CONFERENCE OBJECTIVE:

The conference aims at bringing researchers, academicians, practicing engineers and industrialists in to a common platform which provides a national forum for researchers to exchange of ideas in recent advances on various aspects of theories, analysis, experimentation and computational methods in Mechanical Engineering. The NCRAME-2019 significantly benefits a wide variety of academic and industrial sectors.
