III	Mechanical	67.14

- PG students have produced 100% results in 20 individual subjects.
- M.E Mobile and Pervasive Computing students have produced 100 % results in their II semester.

Since students have taken all the internal exams sincerely by putting their good effort, it has reflected in the university exams. We strongly believe that only because of their hard work, students have achieved it. We advice our students to write all the internal exams seriously (week test, assessment test and model exam).We would like to appreciate the faculty members HODs and examination section for their interest and involvement. We sincerely thank our Chairman & management for their encouragement and support.

Principal
